For nearly half a century LOWELL CARPETS have been acknowledged to be the best made.

The grade has never been lowered, and the Company unhesitatingly challenge comparison with the productions of any other manufacturers in the world.

The word "LOWELL" appears in capital letters in the back of Lowell Wiltons and Body Brussels, at every repeat of the pattern.

Lowell Ingrains are wound upon a hollow stick, which the United States Supreme Court has decided to be a valid trade mark.

The public are therefore thoroughly protected against deception.

The Queen Lace Curtain.

Patented in Great Britain and the United States.

NO POLES, NO RINGS, NO HOOKS.

TIME, TROUBLE AND EXPENSE SAVED.

In the upper part of each curtain there are two rows of long eyelets
woven at regular intervals, in horizontal lines. The rows are sufficiently
apart that when the curtain is folded down the eyelets face each other, and
either a brass rod or stick, or bright colored ribbon, can be passed through
them, and a heading is formed to the curtain, *without any stitching or safety
pin being brought into requisition.* It is a most simple and handy contriv-
ance, saving trouble, because the curtains so woven are in a couple of minutes
ready to be hung in place at a window. This saving of time and trouble
will be appreciated by housekeepers, who are frequently called on to prepare
a room in haste, and who have to sew on rings or fasten in safety pins or
hooks before a curtain can be mounted in place; but by this simple arrange-
ment—using either one or both rows of eyelets, according to the length of
curtain required—all preliminary trouble is avoided.

A Sample Curtain will be mailed to any Dealer on approval.

END-WOOD FLOORING,

MADE BY

WOOD-MOSAIC CO.

Rochester, N. Y. (Salesroom, 821 Fifth Avenue, New York), consists in small blocks of various woods, set on end and securely joined by lead forced in the molten state into grooves surrounding the blocks. By the direction of the grain the greatest durability and hardness of surface are attained. Indeed, such floors are to ordinary parquetry as improved Nicholson pavement is to the old plank road. The relatively minute division of the wood permits the greatest variety of design, and contributes materially to the noiselessness and elasticity of tread by which the work is characterized. An illustrated catalogue, with miniature sample sent to any address.

Produce the same effect as wood staining and polishing, without its cost and labor.

NO SKILL REQUIRED TO APPLY IT.

Will stain old furniture without scraping off the varnish. Can be used as a Lacquer for Metal, China or Glass Ware. Will make Imitation Stained Glass as clear as colored glass itself.

Send for circulars. Sample bottle by mail \$5c.
